United for Transgender Rights in Puerto Rico
24 West 25th Street, 9th Floor, New York, NY 10010

Honorable Ricardo Rosselló
Governor of Puerto Rico
Office of the Governor
La Fortaleza
P.O. Box 9020082
San Juan, PR 00902-0082

April 19, 2017

Dear Mr. Governor,

We are writing in response to Senator Rivera Schatz's administrative order passed recently, in which Puerto Rican transgender employees in the Senate are banned from using the restrooms and wardrobe that corresponds to their gender identity. This order is unacceptable and validates discrimination and transphobia. We demand respect for Transgender rights now and ask that you intervene to revoke this order.

We have seen substantial progress to respond to protections of communities already marginalized and targeted by discrimination, hatred, homophobia and transphobia around the world. For far too long Transgender & Gender Non-Conforming (TGNC) citizens have not been explicitly protected under Human Rights Law. Discrimination can be an everyday experience for many transgender people and can affect nearly every area of life. The National Transgender Discrimination Survey showed that 26% of trans people lost a job due to bias, 50% were harassed on the job, 20% were evicted or denied housing, and 78% of trans students were harassed or assaulted. The transphobia that drives discrimination is exacerbated when the trans person is a person of color and also faces compounding racism. Trans people of color face higher rates of discrimination.

Clear non-discrimination laws covering gender identity and expression are an important part of the solution because they can help stop discrimination before it happens. A key role of government is to issue guidance or rules about what the law means to protect all of its citizens, such as stating that transgender people have the right to use sex-specific facilities that match who they are and dress according to their gender identity.

We are writing in response to Senator Rivera Schatz's administrative order passed recently, in which Puerto Rican transgender individuals are banned from using the restrooms and wardrobe that corresponds to their gender identity. The LGBT movement and advocacy efforts in Puerto Rico has fought to ensure that Puerto Rico provides safety, well-being and opportunities for all of its citizens. This administrative order exposes our trans community to persecution, discrimination and danger without any legal protections.

We urgently request that you support us to revoke this order immediately. We know you are well aware that justice knows no gender. Gender Expression is a Human Right and the undersigned organizations, community leaders, advocates and individuals ask to eliminate discriminatory practices towards all citizens in Puerto Rico.

In solidarity,

Guillermo Chacon
